A TWO - DAY STATE LEVEL WORKSHOP ON

EFFECTIVE TEACHING METHODOLOGY

October 7 - 8, 2010

Organized by

Engineering College & Pharmacy College
&
M.B.A. Programme

Noble Group of Institutions
Junagadh

Sponsored & Co-ordinated by

Gujarat Technological University
Ahmedabad

www.gtu.ac.in

Managed by Shree Vivek Bharti Trust, Junagadh

ABOUT THE INSTITUTION

With blessings and bucketful grace of mother "nature" the Vivek Bharti Trust was established by its torchbearers with number of noble aims for promoting education activities for the benefit of the rural areas surrounding Junagadh and that to aid a new flavour to the Gujarat state. The noble vision helped the trust to grow into multi dimensional educational institutions. The visionary founders & trustees belonging to various walks of social lives and healthy professional fields have been devotedly working day & night to make the dream of the trust come true with the aims of further improvement and strengthening education in Junagadh & Gujarat state. The VBT Junagadh founded the mile stone by establishing an Under Graduate Programmes under Noble Pharmacy College in the academic year 2007 - 08 with an intake of 60 students for the first year. In the very next academic year 2008 - 09, the trust added a new feather to its wing by establishing Noble Engineering College, with four Under Graduate Programmes in Information & Technology, Mechanical, Electronics & Communication and Computer Science Engineering. Subsequently, two more branches of Under Graduate degree engineering got approved by AICTE & GTU in Civil Engineering and Electrical Engineering. The AICTE & GTU permitted the VBT to start a Post Graduate Programme for Management degree 'M.B.A.' with an intake of 60 in the academic year 2009 - 2010 which is very well recognized and approved by both of these bodies. In the academic year 2010 AICTE endorsed us with the status of Noble Group Of Integrated Education Campus comprising of all these Under & Post Graduate Programmes.

MODE OF APPLICATION

Application must be sent only in the prescribed format. The registration fees of ₹ 500/- to be paid by cash / DD in favour of **NOBLE ENGINEERING COLLEGE, JUNAGADH** payable at **JUNAGADH (GUJARAT)**, along with filled registration form by registered post only. Note that TA, DA should be born by participant.

TWO WORDS FROM THE DIRECTOR'S PEN

Professional education has become the most important aspect of successful & meaningful techno - social life. It is now just a means to get a decent job but to earn the skills practically, effective for the real time application oriented fields for the fast opening up competitive world. Moreso especially, education not only opens the doors of knowledge to deal with professional life but also develops a leading front in one's life. The educationists devote their life to contributing to the living beings, rather than passing just information and knowledge to others. Gujarat, apart from being one of the most progressive states in India offers excellent educational avenues to the students at all levels. The state is an education hub with numerous standard schools and professionally excellent institutes having their roots here. To further improve the quality, methodologies and techniques of professional education, an intensive training is a pressing need of the time. A very special type of educational environment is the core and prior requirement for today's educationists and learners - the end users. This two-day workshop, with its supplement components in terms of expert talks and on - hand practices, has been designed and planned to provide unique source of platform in this age of Information & Technology and Telecommunication era for both, the practicing educationists and future academic aspirants wishing to serve Gujarat state and India. We invite you all to be a part of this academic deliberation in high lighting and learning new things for your esteemed academic areas of excellence.

~ Prof. Ved Vyas Dwivedi (Director & Principal)

ELIGIBILITY FOR ADMISSION

The ETM workshop is open for the set of all practicing educationists and aspirants involved and wishing in imparting quality professional education in Degree or Diploma Engineering, Science, Management, Pharmacy, and Computer Application in the Gujarat state. The research aspirants and fellows from respective areas are cordially invited.
