**2 Day Seminar on**

**“Pharmaceutical Industry Over view and Expectations”**

Gujarat Technological University (GTU) and Academia and Industrial Bridging Association (AIBA) very delighted to invite you all to the 2 Day Seminar on **“Pharmaceutical Industry Over view and Expectations”** scheduled on July 15-16, 2017 at Gujarat Technological University (GTU).

**ABOUT THE PROGRAMME:**

This Seminar is specially organized event by inviting highly qualified & experienced (18 to 34 years) Pharmaceutical Industrial Leaders from 7 different disciplines (departments) as experts/mentors, to provide an over view of Pharmaceutical industry which includes pharmaceutical industry environment, expectations from new aspirants, techniques/technologies, structure, regulatory issues that the industry is currently facing in India and globally, strategic and innovative solutions that industry is using to overcome them. The overall purpose of this seminar is to enrich the minds and complete grooming of the young pharmacists and help them to become a successful pharma professional.

It is a perfect platform for Post graduate students, researchers who are aspiring to choose career in Pharmaceutical Industry.

**INTRODUCTION:**

**Gujarat Technological University (GTU)** in collaboration with **Academia and Industrial Bridging Association (AIBA)**, a team of Pharmaceutical Leaders and Intellectuals from academia joined hands with a **MISSION** to strengthen the Academia and Indian Pharmaceutical Industry by working from the roots through *guiding upcoming Pharma Leaders (students), Pharma Industry and Our Nation* through a platform, where we can give back to our society by Bridging Academia and Pharma Industry to improve the quality of life with safe, effective and affordable medicines to our 1.34 billion Indian populations and rest of the world.

**PROGRAMME HIGHLIGHTS:**

***Guiding Upcoming Pharma Leaders (Students):*** By giving an overview of Pharma / Department specific requirements by interrelating cross functional departments with required skill/techniques as per cGMP to manufacture quality drug product and to minimize current issues.

## SALIENT FEATURES AND KEY BENEFITS OF THIS PROGRAMME:
