

Admission of Foreign Students under ICCR Scholarship Scheme:

The Indian Council for Cultural Relations (ICCR), Ministry of External Affairs, provides the merit list of eligible foreign students to ISC (International Student Cell) - GTU for admission under various Courses. ICCR certifies the legal status of the student to stay and study in India. International Student Cell-GTU considers applications received through ICCR only.

On receiving the application of foreign students through ICCR, ISC-GTU checks the academic eligibility of the foreign students for admission and informs ICCR immediately, so that their Visa Processing can be completed.

On their arrival to the University, ISC - GTU allocates the students to its affiliated institutes after completing their document verification. The foreign students are required to go through Registration process with FRRO office within 14 days of their arrival to India. For smooth completion of this process, ISC - GTU instructs its affiliated institutes to take the students to the FRRO office as soon as possible and help them in successfully completing the process. ISC- GTU also makes sure that after their arrival to the University, the admission and documentation process is done in minimum time so that they can go for FRRO process within the stipulated time. The dedicated mentors of respective institutes are well aware about the intricacies of the process.
